

Sales Tax Exemption

Manufacturers, resellers, federal government, and other qualified groups and individuals may place a sales tax-exempt order once we have a valid tax-exempt certificate on file.

As required by law, Front Panel Express collects Washington State sales tax on all orders shipped within the State of Washington. No sales tax applies for orders delivered out of the State of Washington.

You can select the tax exemption status during checkout in our Order Program. Please attach an electronic file of your tax exemption certificate to your order if it is your first tax exempt purchase with us.

More detailed and comprehensive overviews may be found by visiting the Washington State Department of Revenue's web site at <http://dor.wa.gov/>.
