

## Checklist for Ordering Enclosures

The following checklist below serves as additional assistance to make sure you have completed all the components within your enclosure order.

To get more detailed instructions download the [Manual for Enclosure Assembly](#).

### ✓ I have built my enclosure with...

#### Side Profiles

*(Both boxes should be checked)*

- I designed **4 panels**: top, bottom, front and back
- and** added **2 side profiles** to my order, either 42mm (1.654") or 56mm (2.205") height

#### ► How to add the side profiles?

In Front Panel Designer, go to *Order/ Open order program*.

In the order program, go to the *Search for items tab* and click the *List items* button.

Don't forget to choose the length of your profiles!

#### Housing Profiles

*(Both boxes should be checked)*

- I designed **6 panels**: 2 sides, top, bottom, front and back
- and** added **4 housing profiles** to my order, either profile 1 and/or housing profile 2

#### ► How to add the housing profiles?

In Front Panel Designer, go to *Order/ Open order program*.

In the order program, go to the *Search for items tab* and click the *List items* button.

Don't forget to choose the length of your profiles!

### ✓ To assemble my enclosure, I will use...

*(Check the box that applies to you)*

- My own screws, rubber feet, etc.
- I need to buy an assembly kit:

► Did you add the compatible assembly kit to your order?

**Tip:** Read our newsletter [Assembly Kits for Enclosures - Choose the right one](#) which summarizes the different screw options we offer and which ones to order with your design.

#### ► How to add an assembly kit to my order?

In Front Panel Designer, go to *Order/ Open order program*. In the order program, go to the *Search for items tab* and click the *List items* button.

### ✓ My enclosure is wider and/or higher than 150mm (5.906")

*(Check the box that applies to you)*

- My enclosure is not wider and/or higher than 150mm (5.906") and I do not need housing brackets.
- I ordered housing brackets and additional screws to make sure that the enclosure will be rigid.

#### ► How to add housing brackets to my order?

In Front Panel Designer, go to *Order/ Open order program*.

In the order program, go to the *Search for items tab* and click the *List items* button.
