### Return shipping label

Is it possible for you to use an included return shipping label when receiving our materials?

### Switch Panel

Hi, I'm trying to duplicate the switch panel that is shown on the RH side of the attached picture. Is it possible you could do something like that?

### arcs from engraved circles?

I wish to have a means of creating an arc of a circle of less than 360 degrees (viz. the arc of a 320 degree Potentiometer)

### Question on Housing profile 2 from a newbie

For the Housing Profile 2, from the example , I can see the screw hole 'K' being specified on the Cover Panel pair 'B'.

But I did not see the corresponding holes for 'K' on the Housing Profile 2 in the example.

Are these hole required to be specified on the Housing profile 2 ? If so, how.

Thank you.

### make an opening for RS 232 connector?

Hi,

This is my second time to use the software and want to make a nice opening for RS 232 9 pin connector on the front panel. Is there easy way to do that?

Thanks.
